

Accelerating Water Circularity in Food
and Beverage Industrial Areas around Europe

WP 10 Networking, Communication and Dissemination: Deliverable D10.2 “Report on Networking activities - Version 2”

Responsible Partner:	AGENSO
Author(s):	Mariarina Michailidou, Zisis Tsiropoulos
Editor(s):	NTUA
Dissemination Level:	Public
Type:	Report
Due Date:	April 30 th 2025
Submission Date:	June 30 th 2025
Version:	1.0

This project has received funding from the European Union’s Horizon 2020 research and innovation programme under grant agreement No 958266.

Project Profile

Programme	Horizon 2020
Call	H2020-LOW-CARBON-CIRCULAR-INDUSTRIES-2020
Topic	CE-SPIRE-07-2020
Number	958266
Acronym	AccelWater
Title	Accelerating Water Circularity in Food and Beverage Industrial Areas around Europe
Start Date	November 1st 2020
Duration	54 months

Executive Summary

The aim of this report is, based on the work done on deliverables D10.7, D10.8 and D10.9 (reports on communication and dissemination activities), to collect and showcase all those dissemination events that members of the consortium participated in and all networking activities that took place during M37-M54 of the project. Under this deliverable these events AccelWater non-project events (AW_NPE) are presented.

1 Introduction

One of the main objectives of the AccelWater project is the promotion of water-smart society and economy.

This is expected to be realised by following closely the guidelines set in D10.3 “Communication and Dissemination Strategy and Action Plan” and monitor the progress using the KPIs that have been set.

The majority of networking activities has been performed during a wealth of the non-project events where the project was disseminated. Of particular significance were meetings with public authorities, elected officials and clusters.

This report examines all the non-project events of the AccelWater project between M37 and M54, meaning until April 2025 and elaborates on which ones are considered to be networking activities towards promoting water-smart society and economy.

2 Presentation of selected networking events

As identified in the updated report on communication and dissemination activities (see deliverable D10.9), during the project's lifetime, the project was disseminated in a total of **136 non-project events**. These events are described briefly in the table below.

TABLE 1: LIST OF ACCELWATER NON-PROJECT EVENTS

Code	Partner(s)	Event	Type of Event	Date	Month
AW_NPE_01	INNOVACC	Presentation in Meat Sector General Assembly	General Assembly	June 20 th 2020	-
AW_NPE_02	MATIS	Introduction for the Association of Municipalities in the Northeast Iceland	Conference	October 9 th 2020	-
AW_NPE_03	AGENSO	Presentation of the project in an online webinar entitled "Precision agriculture: The contribution of technological systems to the primary sector" organised by Democritus University of Thrace	Online Webinar	December 12 th 2020	M2
AW_NPE_04	REZOS	Meeting with ETVA VI.PE. S.A. to explore further collaboration opportunities and exploitation of the project's solutions	Bilateral Meeting	April 13 th 2021	M6
AW_NPE_05	AGENSO	"Recycling of Industrial Water", clustering event of projects funded under the topic "CE-SPIRE-07-2020 Preserving fresh water: recycling industrial waters industry"	Clustering Event	May 12 th 2021	M7
AW_NPE_06	REZOS	Meeting with the Greek Minister of Development and Investments regarding the project and its expected impact in the area of Patras, Greece	P2P Meeting	June 1 st 2021	M8
AW_NPE_07	UVIC	"Horizon Europe-Aigua" organized by the Catalan Water Partnership and ACCIÓ	Online Conference	June 8 th 2021	M8
AW_NPE_08	UVIC, MAFRICA & INNOVACC	Meeting with the Climate Action Department of the Catalan Government to present the AccelWater project and to explain some details about the meat processing demonstrator	Bilateral Meeting	June 8 th 2021	M8
AW_NPE_09	REZOS	Meeting with ETVA VI.PE. S.A. to explore further collaboration	Bilateral Meeting	June 18 th 2021	M8

Code	Partner(s)	Event	Type of Event	Date	Month
		opportunities and exploitation of the project's solutions			
AW_NPE_10	UVIC, MAFRICA & INNOVACC	Meeting with the Public Health Department of the Catalan Government to discuss about the regulation applied for the authorization of reclaimed water in slaughterhouses (objective of the AccelWater's meat processing demonstrator)	Bilateral Meeting	July 6 th 2021	M9
AW_NPE_11	UVIC & MAFRICA	Food Intercluster Conference "Carbon and water footprint reduction in the agri-food sector", organized by Agroalim (the agri-food cluster of Nuevo Leon, Mexico) and INNOVACC (pig meat processing cluster, Spain)	Online Conference	July 7 th 2021	M9
AW_NPE_12	PRODAL	8th International conference on sustainable solid waste management, Thessaloniki (Greece)	Online Conference	July 23 rd -25 th 2021	M9
AW_NPE_13	AGENSO	Meeting with iWAYS project to discuss possible collaboration	Bilateral Meeting	July 28 th 2021	M9
AW_NPE_14	NTUA, ICCS & DIGNITY	LCM: The 10th International Conference on Life Cycle Management	Virtual Conference	September 8 th 2021	M11
AW_NPE_15	UVIC	"Agro&Aigua: tractament de l'aigua, reutilització i economia circular" organized by the Catalan Water Partnership (Spain), the Agri Sud-Ouest Innovation (France) and BioIB (France)	Conference	October 28 th 2021	M12
AW_NPE_16	UVIC, MAFRICA & INNOVACC	Meeting with the Catalan Waste Agency of the Catalan Government to discuss about the regulation applied for the valorisation of animal by-products generated in slaughterhouses	Bilateral Meeting	December 1 st 2021	M14
AW_NPE_17	AGENSO	Water Projects Europe 2021, presenting 5 of the most revolutionary projects developing water-smart strategies:	Clustering Event	December 15 th 2021	M14

Code	Partner(s)	Event	Type of Event	Date	Month
		Waste2Fresh, AccelWater, IntelWATT, AquaSPICE and iWAYS			
AW_NPE_18	AXIA	Boosting the EU Circular Economy transition through collaboration	Clustering Event	December 17 th 2021	M14
AW_NPE_19	INNOVACC	Presentation in Meat Sector General Assembly	General Assembly	December 21 st 2021	M14
AW_NPE_20	UVIC	Presentation of the project at the Water Innovation Day organized by Catalan Water Partnership	Conference	February 24 th 2022	M16
AW_NPE_21	AGENSO, NTUA & ICCS	Presentation of the project and participation with a stand at the 4 th International verde.tec exhibition, Athens, Greece	Exhibition	March 18 th -20 th 2022	M17
AW_NPE_22	UVIC & INNOVACC	Presentation of the meat processing demonstrator at the "Bioeconomy, Innovation and Technology (BIT) Congress", Catalonia, Spain	Conference	April 6 th -7 th 2022	M18
AW_NPE_23	MAFRICA, UVIC & INNOVACC	Resource Circularity Meeting in the Meat Industry	B2B Meeting	April 21 st 2022	M18
AW_NPE_24	PRODAL & ANICAV	Webinar for project presentation and problems in the tomato canning industry	Webinar	April 27 th 2022	M18
AW_NPE_25	AGENSO	Presentation of the project during the educational program "Innovative methods in the agricultural sector" of the Center for Education and Lifelong Learning (K.E.DI.VI.M.) of the University of Western Macedonia	Webinar	May 15 th 2022	M19
AW_NPE_26	PRODAL	2 presentations and 3 abstracts at the 8th PEF School on Pulsed Electric Field Applications in Food and Biotechnology, Compiègne, France - "Development of a water-waste-energy nexus model integrating conventional and innovative solutions of AccelWater project" (P/A) - "Metal release and secondary reactions during PEF-treatment" (A) - "Plant Tissues Electroporation" (P/A)	School	May 30 th – June 3 rd 2022	M19-M20

Code	Partner(s)	Event	Type of Event	Date	Month
AW_NPE_27	AccelWater Greek partners	"Circular Economy Opportunities for Industries, Regions and Municipalities" during the EU Green Week 2022	Workshop	June 2 nd 2022	M20
AW_NPE_28	UVIC	Project presentation in an online event organized by General Council of Chambers of Commerce of Catalonia focused on the treatment of industrial wastewater and sludge	Conference	June 7 th 2022	M20
AW_NPE_29	PRODAL	"A case study of Italian tomato processing industry: a comprehensive evaluation from production, water, and energy consumption to waste valorization, and LCA point of view" at the 9th International Conference on Sustainable Solid Waste Management, Corfu, Greece	Conference	June 15 th -18 th 2022	M20
AW_NPE_30	NTUA	CORFU2022 - 9th International Conference on Sustainable Solid Waste Management", 15-18 June 2022, Corfu ("Isolation of proteins from by-products and residues of the brewing industry " - Poster presentation)	Conference	June 15 th -18 th 2022	M20
AW_NPE_31	UoI	"Water and energy use in aquaculture: a systematic review of Life Cycle Assessment studies" at Life Cycle Innovation Conference (LCIC) 2022	Conference	June 26 th -July 1 st 2022	M20-M21
AW_NPE_32	NTUA	"Presentation of AccelWater findings" at the 1st International Conference on Sustainable Chemical and Environmental Engineering, Rethymno, Greece	Conference	August 31 st -September 4 th 2022	M22-M23
AW_NPE_33	UVIC & INNOVACC	Project presentation (UVIC) and "Challenges and needs for the reuse of reclaimed water in the meat sector" (linked to the project, INNOVACC) in a hybrid event (face-to-face and online) about the water management in the agri-food sector,	Conference	September 15 th 2022	M23

Code	Partner(s)	Event	Type of Event	Date	Month
		organized by the Catalan Water Partnership and UVIC			
AW_NPE_34	ICCS	"Digital Platforms: End-To-End Data Integration Of Industrial Symbiosis Stages" at the 4th ISIE-SEM conference, Vienna, Austria	Conference	September 19 th -21 st 2022	M23
AW_NPE_35	UVIC	Project presentation in an online webinar focused on innovative solutions in circular economy for the agri-food sector, organized by the SCDC (XIA)	Webinar	September 21 st 2022	M23
AW_NPE_36	UVIC	Project presentation in an online webinar focused on innovation projects for the meat industry, organized by INNOVACC	Webinar	September 27 th 2022	M23
AW_NPE_37	UVIC	Project presentation in in a regional bioeconomy congress (BIT)	Conference	September 29 th 2022	M23
AW_NPE_38	AGENSO	Presentation of the project during the online event "Digital technology in the agri-food sector of Greece – New horizons of research and professional development" organised by the Agricultural University of Athens	Online Event	October 4 th 2022	M24
AW_NPE_39	PRODAL	"Pulse electric fields-assisted steam peeling of different fruits and vegetables" & "PEF for the extraction and recovery of health-related compounds from vegetable byproducts and wastes" at the 4th World Congress on Electroporation, Copenhagen, Denmark	Conference	October 9 th -13 th 2022	M24
AW_NPE_40	MATIS	"The Value in the Water – Accelwater" at the 50th Western European Fish Technologists Association (WEFTA) Conference	Conference	October 17-21 th 2022	M24
AW_NPE_41	UoI	"Sustainability in food research and innovation" at Icelandic Food and Nutrition association MNÍ day	Workshop	October 22 nd 2022	M24
AW_NPE_42	NTUA	"Proteins recovery from brewer's spent grains by microwave and coupled microwave- ultrasound	Conference	October 31 st -November 3 rd 2022	M24-M25

Code	Partner(s)	Event	Type of Event	Date	Month
		assisted extractions using deep eutectic solvents and alkaline medium" at 21st International Union of Food Science & Technology (IUFoST) World Congress			
AW_NPE_43	PRODAL	"On improving the sustainability tomato processing industry by minimization of water and energy consumption" & "Environmental impact assessment of tomato processing industry: A case study of Italian tomato processing company with considering improvement scenarios" at the 36th EFFoST International Conference 2022, Dublin, Ireland	Conference	November 7 th -9 th 2022	M25
AW_NPE_44	NTUA	"Evaluation of meat industry's environmental impact via LCA: Current state and future/alternative perspectives for sustainability" at 36th European Federation of Food Science and Technology (EFFoST) International Conference 2022	Conference	November 7 th -10 th 2022	M25
AW_NPE_45	UoI	15th Meeting of the Rotary Club of Reykjavík	Event	November 24th 2022	M25
AW_NPE_46	MAFRICA & UVIC	Pilot plant inauguration with Catalan authorities (Catalan Water Agency, Catalan Residues Agency)	Workshop	November 25 th 2022	M25
AW_NPE_47	UVIC	Explanation of the project and its impact in Catalonia during a radio interview (El 9FM)	Radio show	November 29 th 2022	M25
AW_NPE_48	MAFRICA	Report on water reclaiming initiatives shown in Catalan Public TV news (TV3)	TV Report	December 9 th 2022	M26
AW_NPE_49	INNOVACC	Presentation in Meat Sector General Assembly	General Assembly	December 19 th 2022	M26
AW_NPE_50	UoI	"Food production and the environment" at The Icelandic Medical Association Conference	Seminar	January 23 rd 2023	M27
AW_NPE_51	UVIC & INNOVACC	Bilateral meeting with Environmental Health Department (Catalan Government)	B2B Meeting	March 2 nd 2023	M29

Code	Partner(s)	Event	Type of Event	Date	Month
AW_NPE_52	AGENSO	Presentation of the project and its results at the "Water management projects, Agriculture, Environment" meeting during the AgroThessaly Exhibition 2023, Larisa, Greece	Exhibition	March 9 th -12 th 2023	M29
AW_NPE_53	MATIS	"Processing Water: An Underutilized By-Product – Potentials for Valorisation" at 1st Bremerhaven Conference on Blue Economy and Fish Processing	Conference	March 15 th -16 th 2023	M29
AW_NPE_54	UVIC & MAFRICA	Presentation of the project in an online webinar focused on innovation projects for the meat industry, organized by INNOVACC	Webinar	March 29 th 2023	M29
AW_NPE_55	UVIC	Project presentation in the second edition of Bioeconomy congress in Vic	Conference	March 31 st 2023	M29
AW_NPE_56	AGENSO	Presentation of the project at the KYKNOS canning factory	B2B Meeting	April 4 th 2023	M30
AW_NPE_57	UVIC	Project presentation in a regional workshop titled "Circularity Day of resources in the meat industry" about the meat demonstrator was organized by INNOVACC with UVIC and MAFRICA	Workshop	April 21 st 2023	M30
AW_NPE_58	AGENSO	Presentation of the project and its equipment at the BEYOND 2023 exhibition in Thessaloniki, Greece	Exhibition	May 23 rd -27 th 2023	M31
AW_NPE_59	AGENSO, NTUA & ICCS	Presentation of AccelWater and results at the Water Innovation and Circularity Conference (WICC)	Conference	June 7 th -9 th 2023	M32
AW_NPE_60	MATIS	Two presentations at a workshop organized by Sjavarklasinn for stakeholders across land based and sea aquaculture sector: - "Valorisation potential of sludge from land-based aquaculture" - "Presentation on water usage and sludge removal in land-based aquaculture"	Workshop	June 8 th 2023	M32
AW_NPE_61	AGENSO	Presentation of the project and its equipment at the Smart Cities 2023	Exhibition	June 16 th -17 th 2023	M32

		Strategies for Quality Water in the Agri-Food Industry" as a practical example of wastewater treatment and water reuse in meat processing industries and slaughterhouses.			
AW_NPE_94	UVIC	Poster presentation about the meat processing demonstrator in the "Bioeconomy, Innovation and Technology (BIT) Congress" held in Catalonia	Conference	March 20-21 st 2024	M41
AW_NPE_95	PRODAL	Presentation of the project during the seminar "Young investigators - Managing Innovation in the Food Industry"	Seminar	March 22 nd 2024	M41
AW_NPE_96	REZOS	Presentation of the project and its outcomes at a multiplier event held within the framework of the Erasmus+ project, My Farm, in Naples, Italy	Event	April 9 th -11 th 2024	M42
AW_NPE_97	AGENSO	Presentation of the project and participation with a stand at the 1st Automation and Robotics Exhibition in Greece, A&R EXPO 2024	Exhibition	April 12 th -14 th 2024	M42
AW_NPE_98	UVIC & MAFRICA & INNOVACC	Presentation of the AccelWater project during the webinar organised by INNOVACC for presenting INNOVACC projects	Webinar	April 15 th 2024	M42
AW_NPE_99	DIGNITY	An overall Sustainability Assessment of large scale salmon farming systems, comparing the base and the scenario with the AccelWater interventions was presented	Conference	April 15 th -16 th 2024	M42
AW_NPE_100	PRODAL	Presentation of the project during the seminar "Young investigators - Managing Innovation in the Food Industry"	Seminar	April 22 nd 2024	M42
AW_NPE_101	UoI	BlueBio on Life Cycle Assessments. Presentation of the AccelWater project.	Event	May 21 st 2024	M43
AW_NPE_102	UVIC	18th IWA World Conference on Anaerobic Digestion, Istanbul, Türkiye	Conference	June 2 nd -6 th 2024	M44

Code	Partner(s)	Event	Type of Event	Date	Month
AW_NPE_103	UVIC	Presentation of results obtained in the meat processing demonstrator related to the treatment of the industrial wastewater generated in the slaughterhouse and reuse of reclaimed water in the Barcelona Food Safety Forum (BSA)	Event	June 6 th 2024	M44
AW_NPE_104	NTUA	As part of the Advanced Methods for Wastewater Treatment course, which is part of the Master's program in Water Resources Science and Technology in National Technical University of Athens, a presentation on the AccelWater project was conducted	Seminar	June 6 th 2024	M44
AW_NPE_105	UVIC	11th International Conference on Sustainable Solid Waste Management, Rhodes, Greece	Conference	June 19 th -22 th 2024	M44
AW_NPE_106	UVIC	International Conference on Wider-Uptake of Water Resource Recovery from Wastewater Treatment – ICWRR 2024) and membrane technologies for water and wastewater treatment (7th IWA Regional Membrane Technology Conference – IWA-RMTC 2024) , Palermo, Italy	Conference	June 18 th -21 st 2024	M44
AW_NPE_107	UVIC	XV Spanish Congress on Water Treatment (META 2024) (19-21 June 2024, Coruña, Spain)	Conference	June 19 th -21 st 2024	M44
AW_NPE_108	UoI & MATIS	Presentation of the Icelandic demo of the AccelWater project. Discuss water footprint of Iceland food systems, provide general information about AccelWater project and disseminate research findings	Webinar	June 25 th 2024	M44
AW_NPE_109	UoI	Water use during food production in Iceland". Webinar hosted by the University of Iceland and supported by the Icelandic Climate Fund and AccelWater	Webinar	June 25 th 2024	M44

Code	Partner(s)	Event	Type of Event	Date	Month
AW_NPE_110	INNOVACC	Presentation in Meat Sector General Assembly	General Assembly	June 25 th 2024	M44
AW_NPE_111	DIGNITY & NTUA	An overview of the AccelWater project was presented. AquaSPICE project Summer School, Chania, Crete	Summer School	July 2 nd -5 th 2024	M45
AW_NPE_112	UVIC & MAFRICA	Results on the water-waste-energy nexus related to the meat industry demonstrator are going to be presented on a poster presentation, Lisbon, Portugal, 7th International Congress on Water, Waste and Energy Management	Conference	July 24 th -26 th 2024	M45
AW_NPE_113	UoI	Presentation including discussion about the AccelWater project. GLISFO 2024: Strengthening Regional Ties, Nordic House in Tórshavn	Workshop	August 19 th -21 st 2024	M46
AW_NPE_114	PRODAL	Presentation "Environmental impact analysis and development scenarios to increase the sustainability of tomato processing industry" based on AccelWater project. Conference of Food Engineering 2024, Seattle, Washington, USA.	Conference	August 25 th -28 th 2024	M46
AW_NPE_115	DIGNITY & NTUA & UoI	Presentation of specific AccelWater results. Environmental, economic and social impact of contemporary dairy industry, Environmental, economic and social impact of meat industry. Poster presentation "Water scarcity and carbon footprint of Atlantic salmon aquaculture feed in Iceland". Barcelona, Spain. 14th edition	Conference	September 8 th -12 th 2024	M47
AW_NPE_116	PRODAL	Presentation "Nonthermal technologies as valuable tools to increase the sustainability of the food industry" based on work done through AccelWater project. 22nd World Congress of Food Science and Technology, Rimini, Italy.	Conference	September 8 th -12 th 2024	M47

Code	Partner(s)	Event	Type of Event	Date	Month
AW_NPE_117	MATIS	5th Fish Waste for Profit Conference. Presentation of the AccelWater project and the Icelandic demo site	Conference	September 19 th -20 th 2024	M47
AW_NPE_118	DIGNITY & NTUA	Researchers' Night. Open to everyone, including children, scientists, and elderly people. It provided an opportunity to share the innovative methods of the AccelWater project	Event	September 24 th 2024	M47
AW_NPE_119	UoI	Oral presentation at local workshop. Presentation title: "Water We Eating? The Secret Water Footprint of Salmon Feed in Iceland's Farms." Eat Climate Change. Reykjavík, Iceland	Workshop	September 25 th -26 th 2024	M47
AW_NPE_120	PRODAL	Presentation of the project at 2024 EFFoST / IFT-NPD Workshop on Nonthermal Processing of Foods, Potsdam, Germany.	Workshop	October 7 th -9 th 2024	M48
AW_NPE_121	UoI	Oral presentation at local conference about health sciences. Líf og heil 2024. Reykjavík, Iceland	Conference	October 14 th -15 th 2024	M48
AW_NPE_122	MAFRICA	Experiences on wastes valorisation in the food industry, presentation of AccelWater Meat Processing Demonstrator	Workshop	October 17 th 2024	M48
AW_NPE_123	AGENSO & NTUA	Presentation of AccelWater project in SureNexus project meeting as a part of Networking Event between the projects. Athens, Greece	Event	October 23 rd -25 th 2024	M48
AW_NPE_124	PRODAL & ANICAV	Filo rosso del pomodoro, The red thread of tomato between strategic infrastructures and the protection of Made in Italy, Parma. Presentation of the project.	Event	December 3 rd 2024	M50
AW_NPE_125	AGENSO	Presentation of the project, Digital Solutions Korea	Exhibition	December 2 nd -6 th 2024	M50
AW_NPE_126	AGENSO	Presentation of AccelWater project ("AccelWater Success Story") during Water Knowledge Europe 2024, Brussels, Belgium	Event	December 10 th -12 th 2024	M50

Code	Partner(s)	Event	Type of Event	Date	Month
AW_NPE_127	INNOVACC	Presentation in Meat Sector General Assembly	General Assembly	December 16 th 2024	M50
AW_NPE_128	NTUA	Presentation of AccelWater IS Demo site during a workshop organised by the project CORALIS entitled : "Industrial Symbiosis Business Models", online	Workshop	January 27 th 2025	M51
AW_NPE_129	MATIS & UoI	During the workshop, both the AccelWater project and specific demo results were presented. Agri-Aqua Culture Workshop, Iceland	Workshop	February 6 th 2025	M52
AW_NPE_130	MAFRICA	AccelWater project presented at Energy & Water Conference 2025, Innovating Catalan Agrifood, hosted in Girona, Spain	Conference	March 6 th 2025	M53
AW_NPE_131	AGENSO	Presentation of AccelWater project and participation with a stand, 14th Pan-Hellenic Fair for Agriculture and Livestock, AgroThessaly 2025	Exhibition	March 6 th -9 th 2025	M53
AW_NPE_132	MATIS & UoI & SAMF	Event for strengthen collaboration between government bodies, aquaculture, and agriculture sectors regarding fish sludge valorisation. Presentation of AccelWater Icelandic demo case	Seminar	March 11 th 2025	M53
AW_NPE_133	All partners	1st co-creation workshop on public awareness and support to water circular economy solutions under the framework of BOOST-IN project	Workshop	April 2 nd 2025	M54
AW_NPE_134	AGENSO	Presentation of the project, Japan IT Week Spring 2025 Business Mission	Exhibition	April 21 st -25 th 2025	M54
AW_NPE_135	MATIS & UoI	Presentation of AccelWater and its results in the Nordic Dairy Congress, Reykjavik, Iceland	Congress	May 20 th -22 nd 2025	-
AW_NPE_136	NTUA	Presentation of the AccelWater project and its results at the Attica Green Expo	Exhibition	May 28 th – 31 st 2025	-

In 30 of these 136 events (~22%), apart from disseminating the project and its results, networking activities took place.

Below is a list of the 17 events described in D10.1* as well as the rest of 13 event that are presented in detail in this deliverable. The networking events for the period M37-M54 are presented by using the respective codes from Table 1.

*The coding between D10.1 and D10.2 has changed as more events were inserted in the list for the previous reporting period. The coding of the first 17 events remains the same as the one of D10.1 (for consistency) while the 13 events of the final reporting period are presented based on the coding of the Table 1.

For the period M37-M54, 13 networking events were defined (AW_NPE_62-AW_NPE_134). Each of those events is described in the sections below.

2.1 Event AW_NPE_62: Water Innovation Europe 2023

From June 20th to 22nd, 2023, representatives from NTUA participated in the Water Innovation Europe 2023 (<https://watereurope.eu/event/water-innovation-europe/>), which took place in Brussels, Belgium. The event, organized under the theme “EU Water Policy: What’s Next?”, gathered key stakeholders from across Europe to discuss the future of water policy and innovation. NTUA had the opportunity to present the AccelWater project, highlighting its objectives and progress in promoting sustainable water use in industrial sectors. The event served as a valuable platform for networking with other experts and organizations active in the water domain, opening discussions for future collaborations and knowledge exchange relevant to the AccelWater mission of building a water-smart society. The event gathered around 450 attendees.

2.2 Event AW_NPE_68: 87th Thessaloniki International Fair

From September 9th to 17th, 2023, AGENSO participated in the 87th Thessaloniki International Fair (TIF), one of Greece's most prominent exhibitions held annually in Thessaloniki. With over 1,500 exhibitors and Bulgaria as the Honoured Country, the event served as a major platform for showcasing innovation and entrepreneurship across multiple sectors. During the exhibition, AGENSO presented its latest technological solutions in sustainable agriculture and environmental monitoring, while also sharing with visitors the objectives and progress of the AccelWater project. This engagement allowed the public to learn more about AccelWater's role in promoting water-smart industrial processes. Additionally, AGENSO's presence at the Fair provided a valuable opportunity for networking with SMEs, public bodies, and academic representatives, in line with the event's thematic focus areas, including Digital Greece and Circular Economy.

FIGURE 1: 87TH TIF

2.3 Event AW_NPE_73: 1st Western European Fisheries Technology Association (WEFTA) conference

From October 16th to 20th, 2023, partners from MATIS and UoI participated in the 51st Western European Fisheries Technology Association ([WEFTA](#)) conference, which took place in Copenhagen, Denmark. The event brought together around 200 participants from across the food science and fisheries sectors, including researchers, industry professionals, and early-career scientists. The presentations were focused on practical strategies for improving sustainability in fish processing and aquaculture operations. Through the presentations, AccelWater project was presented, highlighting its role in advancing more water-efficient practices within the seafood industry. The conference provided a valuable opportunity to exchange knowledge and connect with stakeholders working on similar challenges across Europe.

FIGURE 2: 51ST WEFTA CONFERENCE

2.4 Event AW_NPE_77: Circular Bioeconomy Day

On October 24th, 2023, UVIC took part in the Circular Bioeconomy Day during [Circular Week 2023](#) in Warsaw, Poland, organized by the European Circular Economy Stakeholder Platform. Lidia Paredes from UVIC (BETA) presented results from the AccelWater project, focusing on bioenergy recovery from sewage sludge coming from wastewater treatment, at the meat processing demonstrator. Her talk was part of the session on industrial symbiosis and biowaste valorisation. The event, attended by around 120 participants—including EU policymakers, local authorities, businesses, and researchers—offered a valuable opportunity to highlight AccelWater's contribution to circular solutions and network with relative stakeholders.

FIGURE 3: CIRCULAR BIOECONOMY DAY

2.5 Event AW_NPE_88: Conference entitled “Water management in agri-food companies in a context of drought emergency”

On January 11th, 2024, partners from UVIC ([BETA](#)) participated in the virtual conference “Water management in agri-food companies in a context of drought emergency” organized by the Catalan Water Partnership and the Department of Climate Action of the Generalitat de Catalunya. Speaking to an audience of over 260 participants, the partners presented innovative wastewater treatment and solid waste recovery strategies, with a special focus on the pilot plant installed at the MAFRICA slaughterhouse under the AccelWater project. This installation demonstrates practical solutions for water and solid waste recovery in the meat industry, contributing to more efficient resource use. The event offered valuable opportunities for knowledge exchange and highlighted AccelWater’s role in supporting smart waste management practices within the agri-food sector.

FIGURE 4: “WATER MANAGEMENT IN AGRI-FOOD COMPANIES IN A CONTEXT OF DROUGHT EMERGENCY” CONFERENCE

2.6 Event AW_NPE_109: Webinar on Water use during food production in Iceland

On June 25th, 2024, UoI hosted the webinar “Vatnsnotkun í matvælaframleiðslu á Íslandi” (“Water use during food production in Iceland”), with support from the Icelandic Climate Fund and the AccelWater project. The event brought together representatives from 25 institutions, including food companies, universities, and research centres, to discuss current practices and challenges related to water use in food production. The webinar provided a platform to share knowledge, explore sustainable water management strategies, and highlight AccelWater’s contribution to fostering a more water-smart food industry in Iceland.

FIGURE 5: AGENDA OF THE WEBINAR

2.7 Event AW_NPE_118: Researchers' Night in Athens

On September 24th, 2024, AccelWater partners from NTUA and DIGNITY participated in this year's Researchers' Night in Athens—an annual celebration of science open to all ages. The event provided a unique opportunity to present the AccelWater project to a broad audience, showcasing its innovative solutions for enhancing sustainability and water circularity in the food and beverage industry. Through interactive discussions and engagement with the public, the event also served as a valuable platform for raising awareness and promoting dialogue around the importance of responsible water use and smart industrial practices.

FIGURE 6: ACCELWATER IN RESEARCHER'S NIGHT IN ATHENS

2.8 Event AW_NPE_125: Digital Solutions Korea 2024

AGENSO participated in Digital Solutions Korea 2024 between 2nd and 6th of December 2024 as part of the EU Business Hub programme, an EU-funded initiative fostering collaboration between Korean and European companies. During the event, AGENSO showcased its range of innovative digital solutions and presented the portfolio of projects it is involved in, with particular emphasis on the AccelWater project and its key outcomes in promoting water reuse and resource efficiency. The event offered a unique platform to engage with stakeholders beyond Europe, through tailored B2B matchmaking sessions, networking activities, and a visit to the Softwave 2024 exhibition.

FIGURE 7: DIGITAL SOLUTIONS KOREA 2024

2.9 Event AW_NPE_126: WKE 2024

From December 10th to 12th, 2024, AGENSO participated in [Water Knowledge Europe 2024](#) in Brussels, where it presented the “AccelWater Success Story.” The presentation highlighted key achievements and innovative solutions developed to improve water reuse and resource efficiency in the food and beverage sector. In addition to showcasing results, AGENSO engaged in discussions with Expert Groups on sector challenges and future collaboration. The event offered a strong platform for networking with stakeholders committed to advancing sustainable water management and supporting the goals of a water-smart society.

FIGURE 8: ACCELWATER SUCCESS STORY (WKE 2024) 1

FIGURE 9: ACCELWATER SUCCESS STORY (WKE 2024) 2

2.10 Event AW_NPE_130: Energy and Water Conference: Innovating Catalan Agrifood

On March 6th, 2024, Miquel Bistué Rovira, a representative of AccelWater project partner MAFRICA, participated as a speaker at the [Energy and Water Conference: Innovating Catalan Agrifood](#), held at the Josep Irla auditorium in Girona, Spain. The event was organized by the Catalan Water Partnership (CWP) alongside other key regional clusters. During his talk, Miquel shared MAFRICA's experience in energy and water management, highlighting the important input of AccelWater project in this process. The conference brought together professionals from across the sector and served as a valuable forum for exchanging ideas and promoting sustainable practices in agri-food production.

FIGURE 10: ENERGY AND WATER CONFERENCE IN GIRONA

2.11 Event AW_NPE_132: Fish sludge valorisation event

On March 11th, 2025, MATIS, UoI and SAMF participated in a dedicated event aimed at strengthening collaboration between government bodies and the aquaculture and agriculture sectors on the topic of fish sludge valorisation. During the event, the Icelandic partners presented the AccelWater project's demo case in Iceland, highlighting innovative approaches for the treatment and reuse of fish sludge isolated from the water used at the farm, as part of a circular economy strategy. The event served as a platform to share progress, discuss regulatory and technical challenges, and foster dialogue among key national stakeholders committed to sustainable resource management and cross-sector cooperation.

FIGURE 11: IMAGES FROM EVENT FOR STRENGTHENING COLLABORATION BETWEEN SECTORS IN ICELAND

2.12 Event AW_NPE_133: BOOST-IN EU project co-creation workshop

On April 2nd, 2025, all AccelWater partners participated in the 1st co-creation workshop on public awareness and support for water circular economy solutions, organized under the framework of the BOOST-IN project. Held at the city of Patras, the workshop focused on understanding societal perceptions and barriers to the adoption of water treatment technologies. Bringing together 29 participants from various sectors, including end-users, the event fostered active dialogue on current challenges, technology acceptance, and future directions. The AccelWater project was featured as a key example, showcasing its integrated approach to circular water management and its relevance to broader public engagement strategies.

FIGURE 12: ACCELWATER PARTNERS AT THE 1ST CO-CREATION WORKSHOP ON PUBLIC AWARENESS

2.13 Event AW_NPE_134: Japan IT Week Spring 2025 Business Mission

From April 21st to 25th, 2025, AGENSO participated in the Japan IT Week Spring 2025 Business Mission in Tokyo, Japan, as part of the EU Pavilion. This international event provided a valuable platform to showcase AGENSO's digital innovations and engage with Japanese enterprises in one of the world's leading technology markets. Alongside its core solutions, AGENSO presented the AccelWater project, emphasizing its contributions to water and resource efficiency in industrial settings. The mission offered key opportunities for international networking, knowledge exchange, and promoting sustainable digital practices beyond Europe.

FIGURE 13: ACCELWATER IN JAPAN IT WEEK SPRING 2025 BUSINESS MISSION

3 Conclusions

In conclusion, the 30 presented events where AccelWater was disseminated during the whole project duration served as networking activities. The consortium’s partners participation had a significant impact not only in presenting the outcomes of the AccelWater project, but also in actively engaging a wide range of stakeholders—including government representatives, local authorities, water network organizations, industries, and the general public—in the **common effort toward a water-smart society**. These events served as **essential touchpoints for knowledge exchange, policy dialogue, and cross-sector collaboration**. These 30 events were identified from a list of 136 non-project events where AccelWater was presented (see D10.9 for more details), and they were selected for their strong contribution to promoting circular water solutions and fostering awareness around sustainable water management. A remarkable total of **1,089,273 individuals** participated in these events, highlighting the widespread public enthusiasm and growing awareness surrounding circular water technologies. This impressive level of attendance highlights not only the relevance of sustainable water management solutions in today’s environmental landscape, but also the increasing willingness of communities, stakeholders and the general public to engage with innovative approaches aimed at promoting water conservation, reuse and efficiency. Such strong participation reflects a collective recognition of the urgent need for circular solutions in addressing global water challenges. The present deliverable describes in detail the 13 events that took place during the third reporting period (M37-M54).
